ABOUT OUR SPEAKER

Dr. Norisma Idris is an Associate Professor of the Artificial Intelligence (AI) Department, Faculty of Computer Science and Information Technology, University Malaya. She is also currently the Head of AI Department. She obtained her Ph.D. degree in Computer Science from the University of Malaya, in 2011. Her research interest is on Natural Language Processing (NLP), where the main focus is on developing efficient algorithms to process texts and to make their information accessible to computer applications, mainly on text normalization, machine translation, and sentiment analysis.
